**FOR IMMEDIATE RELEASE**

## **Precision Laboratories Introduces EZ Tabs Surfactants**

Waukegan, IL, December 10, 2004 – Don Spier, vice president, turf business development, today announced the introduction of Precision EZ Tabs, a unique blend of polymeric surfactants designed for in-line hose applications.

Specially formulated to provide a rescue treatment for localized dry spot (LDS), EZ Tabs are packaged in a disposable, container that eliminates the need for handling tablets. EZ Tabs is the latest product addition to the Precision Zone Surfactant product portfolio that includes Cascade<sup>™</sup> Plus, Magnus<sup>™</sup> and Duplex<sup>™</sup>. Used alone or in conjunction with a comprehensive water management program, each EZ Tab container covers approximately 12,000-18,000 square feet of turf and lasts up to 40 minutes in conventional in-line hose applicators.

For more information about EZ Tabs or other Precision products, please visit the company's website at [www.precisionlab.com](http://www.precisionlab.com) or contact them by phone at 800-323-6280.

Precision Laboratories, based in Waukegan, Illinois is a manufacturer and marketer of high performance specialty chemicals and nutrients used to improve the performance and playability of turf, by enhancing growing conditions, pesticide efficacy and turfgrass quality. The company's products include soil surfactants, turf and aquatic colorants, adjuvants, swath and spray pattern indicators and specialty nutrients.
