FOR IMMEDIATE RELEASE

Precision Opens New, Expanded Headquarters

Waukegan, IL, November 11, 2004 – Rick Wohlner, president, Precision Laboratories, Inc. today announced the completion of a new corporate headquarters building in Waukegan, IL. The new facility will house the company's executive offices, customer service team, administrative staff and shipping department.

The new warehouse significantly increases the company's product storage and order fulfillment capacity. For faster order processing and shipping, the company's dock capacity has been doubled. In addition, the facility will house an expanded testing laboratory for quality control and for the development of new products in response to customer needs.

"Precision's new building is the manifestation of our forty-plus year commitment to the specialty chemicals industry," said Wohlner. "We have worked hard over the past eighteen months to design a facility that demonstrates our continued market leadership. Our expanded space will mean quicker response times to customer needs and the increased capability to more rapidly expand our product portfolio according to market demands. "

The company's new mailing and shipping address is 1429 S. Shields Drive, Waukegan, IL, 60085. The phone numbers will remain the same. Customer service is 800-323-6280, corporate offices (847) 596-3001, fax (847) 596-3017. The company website remains www.precisionlab.com.
