FOR IMMEDIATE RELEASE

Dan Spearman joins Precision Laboratories

December 15, 2006 Waukegan, IL – Terry L. Culp, Vice President, Seed Enhancement Business Unit, Precision Laboratories, Inc., has announced that Mr. Dan Spearman has joined the company as the Commercial Accounts Manager for the Seed Enhancement Business Unit.

Mr. Spearman's primary responsibility will be to lead the company's sales efforts at commercial seed accounts. His focus will be on the proprietary Prism color line, seed coating polymers, Precision's soybean growth promoter ProSurge, in addition to the full line of Syngenta Seed Treatment products. He brings over twenty years of seed industry experience to this new position at Precision. Prior to joining Precision Mr. Spearman held trait marketing positions with Royster Clark and Corn States.

"We are very fortunate to have an individual of Dan's caliber joining the company" said Terry Culp, Vice President Seed Enhancement Business. "Dan's intimate knowledge of regional and national seed companies will be very valuable to him in this new capacity", Culp added.

#
