FOR IMMEDIATE RELEASE

Everhart Joins Precision Labs

Waukegan, IL, January 28, 2004 -- Rick Wohlner, president, Precision Laboratories, Inc., today announced that Nick Everhart has joined the sales team as the Northeast District Manager for the company's Turf division. In this capacity, Everhart will be responsible for professional turf sales and customer relationship management in an eleven-state region.

"Nick is a respected and experienced professional in the specialty turf and retail industries," said Wohlner. "His strength in customer service and his in-depth understanding of the markets will be invaluable assets to Precision. In particular, I believe that his expertise in new product introduction will be critical as Precision continues to evolve its portfolio to better meet our customers' needs."

Everhart is the former Northeast Sales Manager for Pennington Seed. Prior to that, he served in increasingly responsible positions with Lesco Inc. He holds a B.S. in horticulture from the University of Delaware. Everhart will report to Don Spier, vice president, professional turf and will be based in Mendon, NY.

Precision Laboratories, based in Waukegan, Illinois is a manufacturer and marketer of high performance specialty chemicals and nutrients used to improve the performance and playability of turf, by enhancing growing conditions, pesticide efficacy and turfgrass quality. The company's products include soil surfactants, turf and aquatic colorants, adjuvants, swath and spray pattern indicators and specialty nutrients.
