

SUPER SIGNAL™ BLUE

BLUE SPRAY PATTERN INDICATOR CONCENTRATE

KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS

If medical advice is needed, have product container or label at hand. Read label before use. Avoid breathing mist, vapors and spray. Do not get in eyes, on skin, or on clothing. Wash protective equipment and work clothes thoroughly after handling. Do not eat, drink or smoke when using this product. Use personal protective equipment as required. Dispose of contents/container to an approved waste disposal plant.

FIRST AID

If Swallowed: Rinse mouth. Have person sip a glass of water if able to swallow. Do NOT induce vomiting, unless told to by a poison control center or doctor. Do not give anything to an unconscious person. Treat symptomatically.

If Inhaled: Move person to fresh air. If person is having difficulty breathing, give oxygen. If not breathing, give artificial respiration.

If in Eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice or attention.

If on Skin: Wash affected area with plenty of soap and water. Use tepid water if available. If skin irritation occurs: Get medical advice or attention.

GENERAL INFORMATION

SUPER SIGNAL BLUE is a super concentrated, temporary, blue spray pattern indicator formulated to provide visual evidence of where a spray application has been made. SUPER SIGNAL BLUE eliminates waste due to overlapping and skipping, while it indicates drift and mechanical malfunction.

SUPER SIGNAL BLUE is nontoxic.

SUPER SIGNAL BLUE dissipates with sunlight or moisture and will not permanently stain vegetation, soil or human skin. Accidental contact can be removed from skin with several washings of soap and water or REDURAN® Dye Remover.

DIRECTIONS FOR USE

FOR USE WITH PESTICIDES REGISTERED FOR AQUATICS, FORESTRY, INDUSTRIAL, MUNICIPAL, NONCROPLAND, RIGHTS-OF-WAY, ORNAMENTALS, TURFGRASS AND OTHER APPROPRIATE USES.

USE RATES

Broadcast Applications: 16–32 ounces per 100 gallons (500–1,000 ml per 400 liters) of spray solution.

Hand-held and Back-Pack Sprayers: 1–2 ounces per 3 gallons (25–50 ml per 10 liters) of spray solution.

Turf or weed color, height, and individual water conditions, such as hardness, pH, iron content, etc., may dictate variations from the above suggested rates. Sight adjustment is recommended. Test for required concentration before use and adjust as needed.

MIXING

In the absence of specific mixing recommendations by the basic pesticide manufacturer, use the following mixing procedure:

1. Fill spray tank $\frac{1}{2}$ full of desired water volume.
2. While agitating, add the appropriate amount of SUPER SIGNAL BLUE for the entire desired finished spray volume.
3. Continue filling the spray tank to $\frac{3}{4}$ of desired level.
4. Begin adding pesticides in the following order:
 - a. Dry flowables and dispersible granule pesticides.
 - b. Flowables.
 - c. Water-soluble pesticides.
 - d. Emulsifiable concentrate pesticides.
5. Add additional adjuvants, if required.
6. Continue agitation and finish filling spray tank to desired level.

STORAGE AND DISPOSAL

Protect product from freezing. If product freezes, warm to room temperature before use. Store in original container only and do not reuse empty container. Rinse container thoroughly and dispose of the container in accordance with federal, state and local regulations.

CONDITIONS OF SALE

Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Precision Laboratories, LLC warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Precision's control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
