

# INTACT™

MAXIMIZE LIBERTY® PERFORMANCE

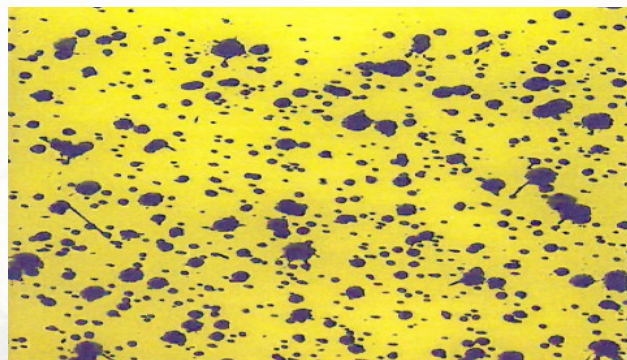

Intact™ is a unique drift control agent that maximizes canopy penetration, leaf coverage and performance when used with the right spray nozzle. Ask your local Precision Laboratories representative for more details.

**3X** more Liberty herbicide coverage with Intact and Turbo TeeJet® nozzles compared to Liberty herbicide and AMS alone\*

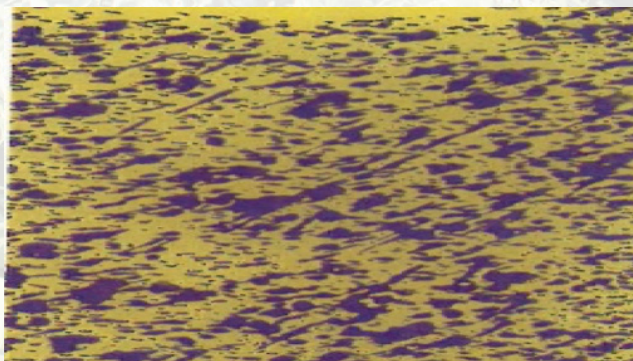

\*Liberty plus Intact and 2 lbs AMS at 20 GPA, Turbo TeeJet nozzles at 50 psi

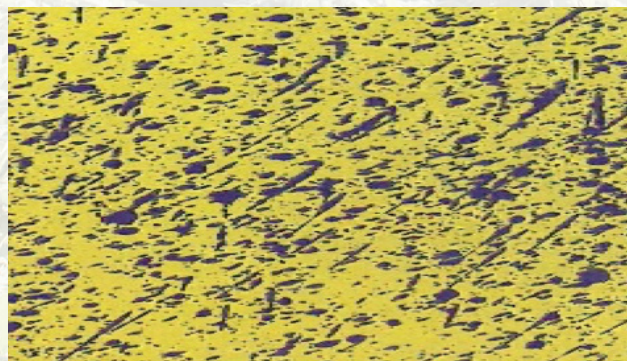

\*Liberty with 2 lbs AMS at 20 GPA, Turbo TeeJet nozzles at 50 psi

**4X** more Liberty herbicide coverage with Intact and Turbo TwinJet® nozzles compared to Liberty herbicide and AMS alone\*

\*Liberty plus Intact and 2 lbs AMS at 20 GPA, Turbo TwinJet nozzles at 50 psi

\*Liberty plus 2 lbs AMS at 20 GPA, Turbo TwinJet at 50 psi

Spray patterns created using water sensitive cards.

Specialized chemistries that enhance plants, seeds, soil and water.
