

DESCRIPTION: IN-FLOW is a granular soil conditioner and surfactant that improves water's ability to flow into and throughout soil profiles.

BENEFITS

- Use less water to get optimal playing conditions
•Reduce migration of infield material into turf
•Maintain moisture levels longer
•Can be used on soil and turf surfaces

NON-PLANT FOOD INGREDIENTS, ACTIVE INGREDIENTS:

Proprietary blend of surfactants ..... 10%
Inert Ingredients ..... 90%
Total ..... 100%

APPLICATION RECOMMENDATIONS

- Irrigate after application with overhead sprinklers or hose to activate ingredients
• IN-FLOW can also be applied ahead of rain as a proactive approach to moisture management
• Use a water volume that sufficiently wets profile to desired moisture level

APPLICATION PRECAUTIONS

- Apply to dry surfaces or foliage. Irrigation is recommended as soon as possible after application.
• Keep away from pools, ponds, etc. Do not contaminate potable water
• Some carriers can cause staining of sidewalks. Sweep walkways prior to irrigation

APPLICATION RATES:

Table with 4 columns: Lbs of Product per 1,000 Sq. Ft., Lbs. of Product per Acre, Square Feet per Bag, Oz. Soil Surfactant per 1000 Sq. Ft. Rows show rates for 5, 6, 7, 8, 9, and 10 lbs per 1000 sq ft.

APPLICATION RECOMMENDATION

Use at 5 lbs. per 1000 ft² to obtain 8 ounces of soil surfactant per 1000 ft².

Store in a dry location in temperatures above 30°F. Dispose of in accordance with federal, state and local requirements. May be placed in household waste. Do not reuse packaging. Dispose of packaging when empty.

CONDITIONS OF SALE

Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Precision Laboratories, LLC warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Precision's control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
