

VESTIS™

ORGANOSILICONE WETTING AGENT

Vestis™ is a nonionic organosilicone wetting agent designed for use with: plant protection products, plant growth regulators, fertilizers, microbial products and plant nutritionals. Vestis lowers spray solution surface tension to improve wetting and uniformity of leaf surface coverage beyond that of ordinary surfactants.

Vestis is ideal for use where coverage is critical. It is especially well suited for low water volume applications where spray coverage may be a limiting factor.

VESTIS BENEFITS

- Superior wetting and uniform coverage on target leaf surfaces
- Ideal for getting the most out of low volume spray applications
- Easy to handle, low foaming formulation
- Low foaming, highly soluble formula is easy to use
- OMRI listed for use with approved pesticides

USE RATES

Vestis (oz./100 gal.)	Product Type
3.2 – 12	Fungicide, Insecticide, PGRs
12 – 19	Herbicide
6 – 12	Microbial products
3.2 – 12	Plant nutritionals and fertilizers

PACKAGING

- 4 x 1 gallon container
