

# DIRECT™ RS

## Drift Control Agent and Deposition Aid

### PRINCIPAL FUNCTIONING AGENTS

Polyvinyl Polymer (Polyacrylamide) .....	30%
Constituents ineffective as spray adjuvants.....	70%
TOTAL.....	100%

All ingredients are approved for use under 40 CFR 180

\*Contains petroleum distillates

CA Reg. No. 9349-50020-AA

WA Reg. No. 9349-16007

### KEEP OUT OF REACH OF CHILDREN WARNING

### PRECAUTIONARY STATEMENTS

WARNING: Causes eye and skin irritation. Harmful if swallowed.

Wear protective clothing, protective gloves and eye and/or face protection. Wash hands, face and other affected areas thoroughly after handling. Do not eat, drink or smoke while using this product. If eye or skin irritation occurs, seek medical attention.

### PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators or other handlers of this product must wear: protective eyewear, long-sleeved shirt, long pants, socks, shoes and barrier laminate, neoprene rubber, nitrile rubber or viton gloves. Consult the SDS for further information.

### FIRST AID

**If Swallowed:** Call a poison control center or doctor immediately for treatment advice. Have the person rinse mouth and sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**If In Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes then continue rinsing eyes. Call a poison control center or doctor for treatment advice.

**If On Skin:** Immediately take off contaminated clothing and wash before reuse. Rinse skin immediately with plenty of water for 15-20 minutes. If skin irritation occurs, seek medical attention/advice. Call a poison control center or doctor for treatment advice.

**If inhaled:** Move person to fresh air. If person is having difficulty breathing, give oxygen. If not breathing, give artificial respiration. Call a POISON CENTER/doctor or Chemtrec if person feels unwell.

### GENERAL INFORMATION

**Direct RS** is an easy to use adjuvant designed to enhance spray solution deposition and reduce physical drift. **Direct RS** is compatible with a wide range of crop protection products and formulations.

### DIRECTIONS FOR USE

The addition of adjuvants to some pesticides and/or fertilizers and their tank mixes may cause phytotoxicity to the foliage and/or fruit of desirable crops. Before using **Direct RS**, the applicator or crops advisor must have experience with the pesticide combination, including **Direct RS**, or must have conducted a phytotoxicity test.

### SHAKE WELL BEFORE USING.

FOR USE WITH PESTICIDES REGISTERED FOR AGRICULTURAL, FORESTRY, INDUSTRIAL, MUNICIPAL, NONCROPLAND, ORNAMENTAL, RIGHTS-OF-WAY AND TURF. NOT FOR AQUATIC USE.

### USE RATES

As a general guideline, use 1-4 ounces per 100 gallons of spray solution. Always start with the lower dosage and increase as needed to address specific spray conditions. If spray fines are not eliminated, add additional quantities of **Direct RS** in 1-ounce increments until desired results are achieved.

### MIXING

In the absence of specific mixing instructions found on the pesticide label, fill the spray tank with at least 50% of the desired finished carrier volume. When premixing in a mixing vessel or inductor, fill with at least 20% of the desired finished carrier volume. While the carrier is agitating, add tank mix ingredients in the following order:

1. Compatibility agent and/or antifoam, if needed
2. AMS, dry formulations (WP, DF, WDG, SP), and dry drift retardants
3. Dry soluble and suspension fertilizers / micronutrients
4. **Direct RS** and flowable formulations (F & FL)
5. Liquid concentrates, suspension concentrates, microencapsulated and capsule suspension (LC, SC, ME, CS)
6. Emulsifiable concentrates (E, EL or EC)
7. Solutions and soluble liquids (S or SL)
8. Liquid micronutrients and fertilizers
9. Water conditioners and other adjuvants (COC, HSOC, MSO, NIS)
10. Finish filling to desired spray volume level and continue agitation

### ENVIRONMENTAL HAZARDS

Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment wash waters.

### STORAGE AND DISPOSAL

*If product freezes, warm to room temperature before use.* Keep containers sealed when not in use. Prevent water from being introduced into the contents of this package. Store in original container only. Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrecycle.org](http://www.acrecycle.org). Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.

**WARNING:** This product can expose you to chemicals including acrylamide, which is known to the State of California to cause cancer and birth defects or other

reproductive harm. For more information go to

[www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

### CONDITIONS OF SALE

Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Precision Laboratories, LLC warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Precision's control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
