

AVOR™ LT

NONIONIC SURFACTANT

AVOR™ LT is an APE/NPE free, high-load nonionic surfactant. AVOR LT improves the wetting and coverage of target leaf surfaces. Its high surfactant load formulation is designed to improve the effectiveness of herbicides, insecticides, fungicides and plant growth regulators requiring the use of a nonionic surfactant.

FEATURES & BENEFITS:

- High surfactant load
- APE/NPE free
- Improved wetting and surface tension reduction
- **Approved for aquatic use**
- CPDA certified

USE RATES:

- Ground: 0.125-0.5% v/v (1–4 pt per 100 gal of spray solution)
- Aerial: 0.25-0.5% v/v (2–4 pt per 100 gal of spray solution)

PACKAGING:

- 2 x 2.5 gal case
