

# WANT TO IMPROVE YOUR ROI ON LETTUCE?

## TOLERO™ FOR LETTUCE

What if you could . . .

Increase harvest weight?

Reduce irrigation time?

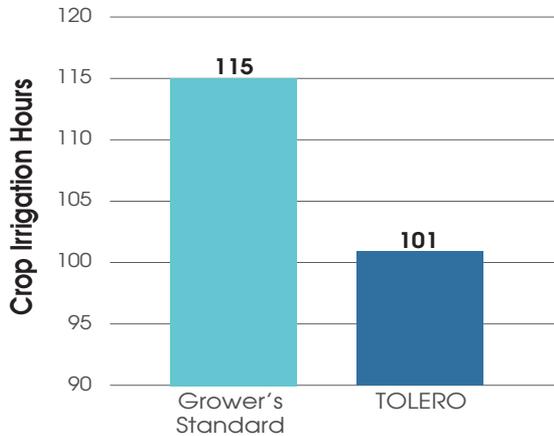

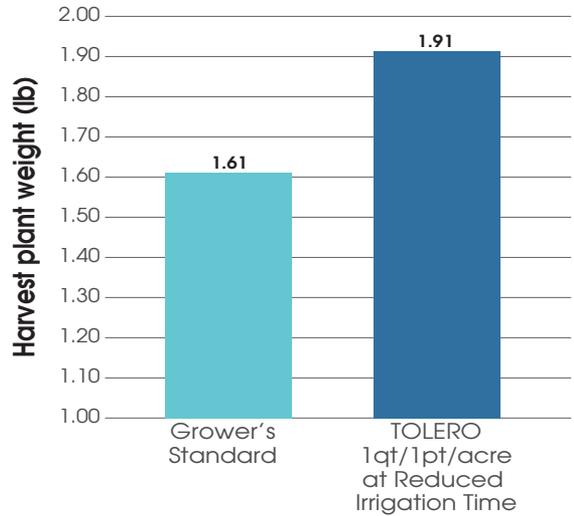

Reduce crop inputs?

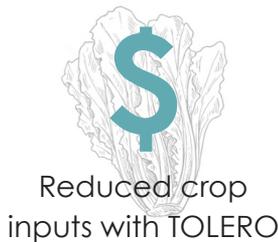

**18.6%**

Increased harvest weight with TOLERO

**12.17%**

Less irrigation time with TOLERO

TOLERO improves the grower's return on invested inputs. This includes a reduction in water requirements, which results in less fuel or electricity for irrigation pumps as well as environmental benefits of reduced water consumption. Growers can reduce the use of irrigation water with TOLERO by decreasing irrigation times or increasing time between watering.

Tolero is a trademark of Precision Laboratories, LLC
