

# WANT TO IMPROVE YOUR SQUASH YIELD?

## TOLERO™ FOR YELLOW SQUASH

What if you could . . .

**Increase fruit weight?**

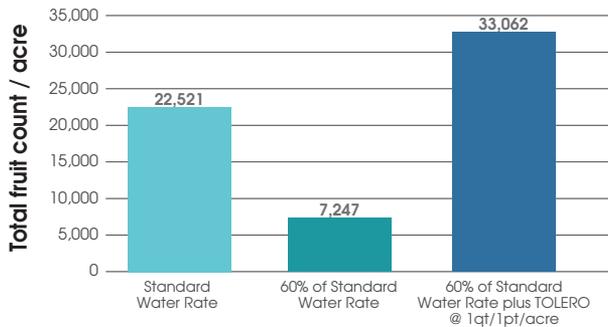

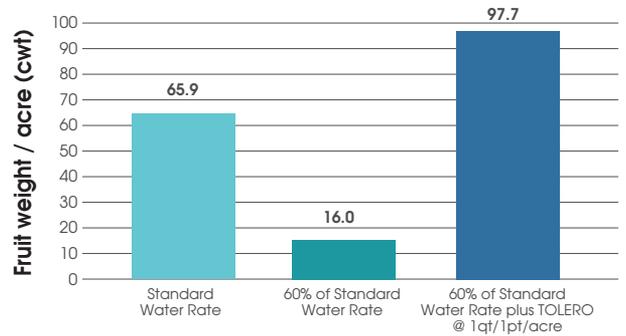

**Increase fruit count?**

**Reduce soil compaction?**

Increased fruit weight with TOLERO with 40% reduced water volume

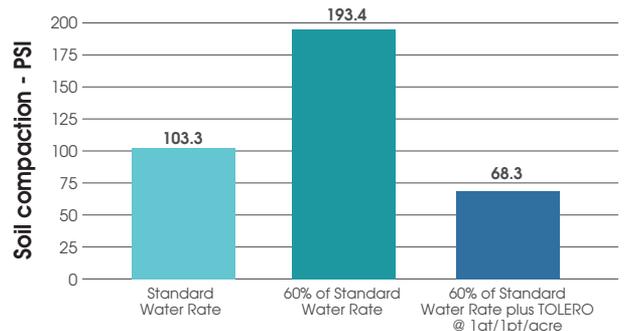

**47%**

Increase in fruit count with TOLERO with 40% reduced water volume

Reduced soil compaction with TOLERO applied through drip irrigation

A third-party trial was conducted in Quitman, Georgia on yellow squash. Two applications of TOLERO were applied (one at transplanting and another twenty-nine days later).

Tolero is a trademark of Precision Laboratories, LLC
