

# WANT A MORE PRODUCTIVE TOMATO FIELD?

## TOLERO™ FOR TOMATOES

What if you could . . .

Increase  
fruit yield?

Reduce soil  
compaction?

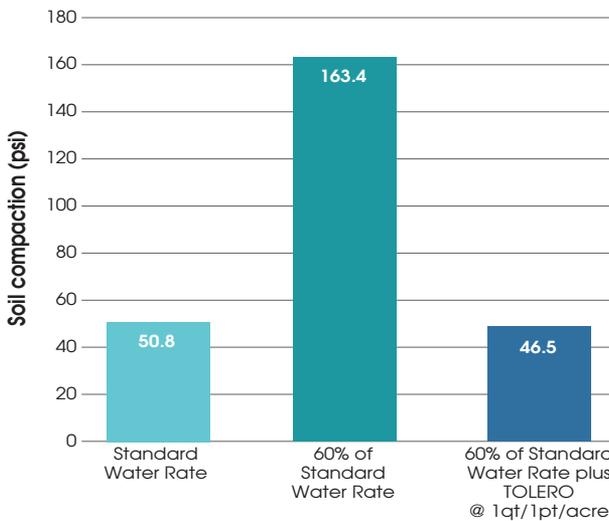

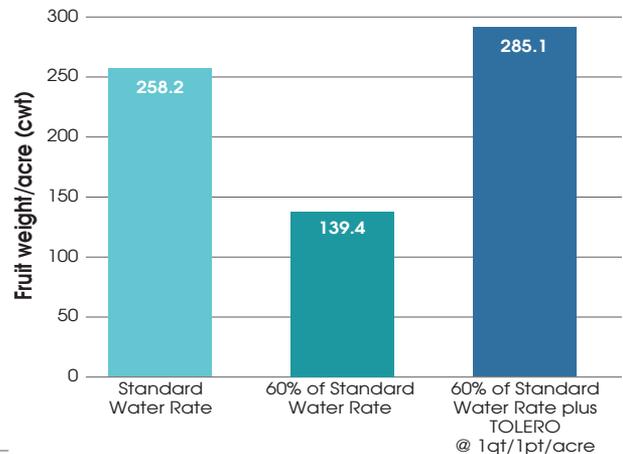

Reduce  
water use?

# 10.4%

Increased yield per acre  
with TOLERO  
with 40% reduction in water use

# 8.5%

Reduction in soil compaction  
with TOLERO  
with 40% reduction in water use

# 40%

Reduction in water  
use with TOLERO

TOLERO improves the grower's return on invested inputs. This includes potential for reduction of water requirements if desired, which results in less fuel or electricity for irrigation pumps as well as environmental benefits of reduced water consumption. Growers can reduce the use of irrigation water with TOLERO by decreasing irrigation times or increasing time between watering.
