

# Wuxal® Terios Mn<sup>+</sup>

## Seed Treatment

<b>GUARANTEED ANALYSIS:</b>	
Total Nitrogen (N) .....	5.0%
1.9% Ammoniacal Nitrogen	
3.1% Urea Nitrogen	
Boron (B) .....	0.2%
0.2% Water Soluble Boron (B)	
Copper (Cu) .....	1.5%
1.5% Chelated Copper (Cu)	
Manganese (Mn) .....	3.0%
3.0% Chelated Manganese (Mn)	
Molybdenum (Mo) .....	0.1%
0.1% Water Soluble Molybdenum (Mo)	
Zinc (Zn) .....	1.0%
1.0% Chelated Zinc (Zn)	
<b>DERIVED FROM:</b>	
Urea, Ammonium Sulfate, Ammonium Borate, Copper EDTA, Manganese EDTA, Sodium Molybdate, Zinc EDTA.	
1 U.S. Gallon Net Weight 11.18 lbs.	Effective
pH: 6.3 (23170)	4/27/20

**KEEP OUT OF REACH OF CHILDREN**

### PRECAUTIONARY STATEMENTS

If medical advice is needed, have product container or label at hand. Read label before use.

**WARNING:** This fertilizer contains boron, which may be injurious to certain crops. Contact your local county agent or field consultant for specific information.

**CAUTION:** This fertilizer is to be used only on crops which respond to molybdenum. Crops high in molybdenum are toxic to grazing animals (ruminants).

### STATEMENT OF PRACTICAL TREATMENT

**If Swallowed:** Do not induce vomiting unless directed to do so by medical personnel.

Never give fluids or force vomiting if the person is unconscious, is having convulsions or has no gag reflex. If large quantities are swallowed, immediately rinse the mouth and give large amounts of water to drink. Seek medical attention if symptoms persist.

**If In Eyes:** Check for and remove contact lenses. Immediately flush eyes with water for at least 15 minutes. Cold water may be used. Seek medical attention if irritation occurs.

**If On Skin:** Remove contaminated clothing. Wash affected area with plenty of soap and water. Cold water may be used. Seek medical attention if irritation develops.

**If Inhaled:** Move individual to fresh air. If breathing is difficult, give oxygen. If not breathing, give artificial respiration. Seek immediate medical attention.

Seed applied nutrients can be an effective remedy for diagnosed plant deficiencies of secondary nutrients and micronutrients, but may cause plant damage if applied at more than recommended rates or concentrations. Use of this product is recommended only as a supplement to a regular fertilization program and may not, by itself, provide all the nutrients normally required by crops or other intended plants.

### USE DIRECTIONS FOR SEED TREATMENT

**SHAKE BEFORE USE.** Wuxal Terios Mn<sup>+</sup> seed treatment is an easy to use formulation which can be applied directly to seed through most equipment designed to apply liquid, flowable or slurry seed treatment products to seed. For best application results, the product should be diluted with 1 fl. oz. of water per 1 fl. oz. of product. Diluted product should be agitated before and during application. Do not allow diluted product to stand for long periods, e.g., overnight, without agitating thoroughly before continuing application.

Crop	Dosage Rate	Water Dilution	Slurry Treatment Rate
Soybeans	1.50 fl. oz./cwt	1.50 fl. oz./cwt	3.00 fl. oz./cwt
Wheat	2.30 fl. oz./cwt	2.30 fl. oz./cwt	4.60 fl. oz./cwt
Winter barley	2.30 fl. oz./cwt	2.30 fl. oz./cwt	4.60 fl. oz./cwt
Summer barley	1.65 fl. oz./cwt	1.65 fl. oz./cwt	3.30 fl. oz./cwt
Rye	1.55 fl. oz./cwt	1.55 fl. oz./cwt	3.10 fl. oz./cwt
Oats	1.55 fl. oz./cwt	1.55 fl. oz./cwt	3.10 fl. oz./cwt

### MIXING

Wuxal Terios Mn<sup>+</sup> may be mixed with seed-applied pesticides. Follow label instructions of the pesticide manufacturers. When mixing Wuxal Terios Mn<sup>+</sup> with other products, conduct a jar test to ensure compatibility.

Add products to the slurry tank in the following order:

1. Required amount of water.
2. Seed treatment pesticides.
3. Wuxal Terios Mn<sup>+</sup>
4. Additional water as needed to attain a sprayable viscosity.

If powder fungicides are to be used, apply Wuxal Terios Mn<sup>+</sup> first. Let seeds dry before applying powders.

### STORAGE AND DISPOSAL

Store in original container between 41°F and 104°F away from direct sunlight. Temperature fluctuations and long term storage may cause reversible crystallization and phase separation. Neither condition will affect product efficacy if properly mixed prior to use. Do not reuse empty container. Dispose of the container in accordance with federal, state and local regulations.

### CONDITIONS OF SALE

Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Precision Laboratories, LLC warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Precision's control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
