

UTILITY MODIFIER

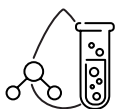

IGNIS™

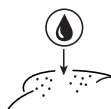

WATER CONDITIONING AGENT, ACTIVATOR, DEPOSITION AID, AND DRIFT REDUCTION AGENTS

FEATURES

- + Next generation non-AMS water conditioner, oil and surfactant premix
- + Maximizes the performance of weak acid herbicides such as glyphosate, 2-4-D, glufosinate and its tank mix partners
- + Ideal for use in burndown or in-crop applications
- + Strong penetration power and enhanced leaf surface coverage eliminates need for additional oil or NIS
- + Enhanced drift and deposition technology ensures effective spray droplet transport through the air for on-target results
- + APE/NPE-free for crop safety

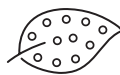

WATER CONDITIONER

ACTIVATOR

DRIFT REDUCTION

DEPOSITION AID

APE/NPE-FREE

USE RATES

General: 0.25% - 1.0% v/v
Enlist One®: 0.375% or 0.625% v/v

TANK MIX APPROVALS

Enlist One®

PACKAGING

2 x 2.5 gallon containers
275 gallon minibulk
